Recovered From Severe Lung Trouble

While we all know that plenty of fresh air and good food are necessary to persons suffering from lung trouble, something more is needed to bring about full health. Eckman's Alternative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise, should, at least investigate what it has done for others. It may be the means of restoring you to health. Investigate this case.

"Gentlemen: In December, 1908, and March, 1909, I was taken with hemorrhages of the lungs, which confined me several weeks each time to my bed. These left me very weak and I coughed at nights and could not sleep. My appetite also failed me. My doctor advised me to go West. So, in September, 1909, I planned to go, but I had four more hemorrhages, which put me in bed for three weeks. In November I started for Denver, Colo. After two months, I was feeling better, but upon learning of my condition, urged me to take Eckman's Alternative. I now weigh 150 pounds, and I feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well. I have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 150 pounds. I feel better. I thank God and your Alternative for my health. If I can help any other person suffering from tuberculosis, I will gladly do so."

(Sworn affidavit: PAUL F. FASNACHT, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for more evidence.
